

# KETO 2018 Program at a Glance (as of June 27, 2018)

Time	October 5 (Fri.)	October 6 (Sat.)		October 7 (Sun.)		October 8 (Mon.)		October 9 (Tue.)		Time	
7:50	Halla Hall	Halla Hall	Samda Hall	Halla Hall	Samda Hall	Halla Hall	Samda Hall	Halla Hall	Samda Hall	7:50	
8:00		(08:00-08:15) Welcome		Special lecture 2		Special lecture 3				8:00	
8:30		(08:15-08:45) Special lecture 1								8:30	
9:00		(08:45-10:25) Main session 1 Dietary therapy for epilepsy: recent update		Main session 3 Recent and future of clinical trials on KD in the epilepsy field		Main session 5 Identifying signaling pathways targeted by KD : First steps towards precision medicine				9:00	
9:30										9:30	
10:00										10:00	
10:30		(10:25-10:40) Break		Break		Break				10:30	
11:00		Parallel session 1 KD therapy in epilepsy syndromes	Parallel session 2 Methods for improving KD compliance	Parallel session 5 Brain-Gut inter-relationships	Parallel session 6 KD therapies and sleep	Parallel session 9 Expanding the use of the KD therapy	Parallel session 10 Expansion to Asia : bringing ketogenic therapies to our region I	Registration & Technical Exhibition	The keto workshop for dietitians KD meal planning strategies	Family support group Preparing a family for the KD therapy	11:00
11:30											11:30
12:00		Lunch		Lunch		Lunch					12:00
12:30											12:30
13:00											13:00
13:30	Pre-congress workshop 1 Practical implementation of ketogenic therapy I	Main session 2 Delving into the details of ketogenic nutrition		Main session 4 KD for status epilepticus		Parallel session 11 Diverse targets with mTOR pathway disorders for diet therapies	Parallel session 12 Expansion to Asia: bringing ketogenic therapies to our region II			Resource Sharing Session	13:30
14:00											14:00
14:30											14:30
15:00	Break										15:00
15:30		Break		Break		Hand over session					15:30
16:00	Pre-congress workshop 2 Practical implementation of ketogenic therapy II	Parallel session 3 Individualized diet therapy - choosing the right KD therapy for the right patient	Parallel session 4 Basic research for testing KD therapies	Parallel session 7 Glut1-deficiency and KD: past, presence and future	Parallel session 8 Basic research for KD therapies						16:00
16:30						Regional committee meeting					16:30
17:00											17:00
17:30											17:30
18:00											18:00
18:30											18:30
19:00	Welcome Reception <i>Oceanview, 3F, ICC Jeju</i>			Poster rounding and discussion <i>Lobby, 3F, ICC Jeju</i>							19:00
19:30											19:30
20:00						Gala dinner <i>Aldre Hall, Seaes Hotel Jeju</i>					20:00
20:30											20:30
21:00											21:00
